

*We believe that through good government we can accomplish great things for our community.*

## Our Values

We are the Democratic Party – the party of the people, the party of good government.

We cherish our American heritage of opportunity and inclusion. We pledge ourselves to justice and equality for all.

To regain people's trust, government must:

- Draw us together as a caring community.
- Respond competently to disasters and emergencies.
- Ensure that our economic policies are just and sustainable.
- Provide every child with access to a good education.
- Balance the budget fairly and responsibly.
- Keep our judicial system free of politics; preserve the rule of law.
- Respect religious liberty by upholding the separation of church and state.
- Provide national security; use diplomacy before force.
- Protect human rights at home and abroad.
- Assure a healthy environment for ourselves and future generations.
